Assignment 5 - 100 points

CIS 115 – Winter 2015

Due Monday, 2/16, 9:00 AM

1. [100] Create a new page called canvas.html containing a canvas element which uses HTML5 canvas functions such as lineTo(), arcTo(), fill(), stroke(), and drawImage() to draw a picture of:

   a. (50) A car or truck.
   b. (25) A flower.
   c. (25) The sun and sky.

   Be creative.

2. [+10] (Extra credit) Use a For loop or a While loop to draw the same shape(s) or image(s) repeatedly in different parts of your picture.

3. Upload your files to Blackboard (under Course Documents ---> Assignment 5).
