

Fall '10 CIS 122 Homework 4 – 120/100 points possible – Due Friday, 11-19, 11:59 PM

1. [20] Programming Exercise 7.3, page 244. Name your source file “Homework4-1.cpp”.
2. [20] Programming Exercise 7.9, page 245. Name your source file “Homework4-2.cpp”.
3. [30] Programming Exercise 10.1, page 344. Name your source file “Homework4-3.cpp”. Hint: count the number of each character in each input string, and then compare the counts.
4. [30] Programming Exercise 10.13, page 346. Name your source file “Homework4-4.cpp”.
Sample input: “12”, output: “1100”.
5. [+20] Programming Exercise 7.17, page 247. Name your source file “Homework4-5.cpp”.
PLINKO!!!! (Google it if you’re not familiar with the term).

Zip your 4 (or 5) .cpp files, name your .zip file <your full name>Homework4.zip, and upload to Blackboard.
