

Teammate Peer Evaluation

Your name: _____ Date: _____

Team name: _____

Project (1 or 2): _____ Evaluation (1 or 2): _____

Instructions:

1. Write your teammates' names (but not yours) in the spaces at the top of the columns in the grid below.
2. For each evaluation criteria, rank-order your teammates from best ("5") to worst ("0"). In general, start ranking with "4" and work down. Try to reserve the "5" and the "0" for particularly amazing or particularly poor performance. *No number should appear twice in a row.* For example, only one teammate can get a "4" for "Productive."
3. Then rate yourself on the same four criterion, using the same scale. You may reuse numbers that you used in the grid.

5 = best
0 = worst
