CIS 212 Textbook

We will use the textbook by Prof. Sventek: C and Data Structures -- A Well Structured Approach. The textbook is being provided for free (in electronic form) for students of this course, and will be uploaded to Canvas after today's lecture. Please note the legal statements on the first page of the textbook. In particular, you may not post or reproduce the electronic version.

This book contains copyrighted material. You may use it for this class under the following constraints (initial each statement):

- Permission is granted for one time classroom use for registered learners only. The duration of use is only for the duration of the course. The material may not be published and distributed outside of the course.

- Thus, you may make a copy for your use on your own machine. You may NOT share this book with anyone outside of the class, nor may you post it ANYWHERE on the web, Facebook, or any other social media platform.

- Failure to abide by these rules will lead to significant legal difficulties for the University, the Department, your instructor, and yourself.
