Agile Planner for Jazz
Synchronous distributed project planning for Agile software teams

Frank Maurer, Shelly Park, Xin Wang
Department of Computer Science, University of Calgary
Presented at IBM Jazz Event at ICSE 2009

Project Planning using Digital Story Cards

Eclipse Stand Alone/Plugin Version

Synchronize using Jazz Rational Team Concert

Jazz acts as the project plan repository
Provide visual affordance of physical story cards for distributed teams.
Simultaneously manipulate the cards using telepointers.
Keep the project plan in the same location as the code
